## ACD'S REPORT

for the half year ended 30 September 2025

### Authorised Status

LF Arch cru Investment Funds ('the Company') is an open-ended investment company with variable capital incorporated in England and Wales with registered number IC456 and authorised by the Financial Conduct Authority ('FCA') with effect from 30 June 2006.

It is a Non-UCITS Retail Scheme and the currency of the Company and each sub-fund is pounds sterling.

Shareholders are not liable for the debts of the Company.

The Company is currently being wound up and the sub-funds terminated following receipt of the FCA's approval on 1 February 2010. As a result, the financial statements of the Company and all its sub-funds have been prepared on a break-up basis.

### ACD's Statement

#### Authorised Corporate Director's Report

Link Fund Solutions Limited ('LFSL') in its capacity as the Authorised Corporate Director ('the ACD'), the sole director of LF Arch cru Investment Funds ('the Company'), presents its report and the Interim Unaudited Financial Report and Statements of the Company for the period 1 April 2025 to 30 September 2025.

#### Status of the Sub-Funds

Dealings in the shares of the sub-funds were suspended on 13 March 2009. The sub-funds continue to be substantially invested in certain Guernsey Incorporated Cell Companies ('the Cells') and in line with previous statements made, the sub-funds have been in wind up, by way of an orderly realisation, since February 2010.

#### Alternative Investment Fund Managers Directive ('AIFMD')

The FCA approved the commencement of the termination of the Company from 1 February 2010 and, therefore, the Company falls outside the scope of the AIFMD.

#### Orderly Realisation

The realisation of the assets of the Funds involves the assets of the Cells being sold or realised in an orderly manner over a reasonable period of time that balances the need to achieve a fair value for shareholders in the Funds (having regard to the current value of the Cells) with the need to generate liquidity. The orderly realisation process continued to be the approach adopted in the period and this will continue until the Funds' investments in the Cells have been realised. In the Fund's Annual Audited Report and Accounts for the year ended March 2025 we reported that the Cells' Chairman had stated in the Cells' 31 March 2025 Annual Report and Financial Statements that "*Litigation continues in Greece and may continue into 2028. The litigation activity in Greece necessarily requires the Cells to maintain substantial liquidity buffers to enable the process to be concluded and to sustain their ability to prosecute those recoveries. It is noted that*

## ACD'S REPORT *continued*

### ACD's Statement *continued*

*the Cells have been unsuccessful, so far, in the Dubai courts but the position is being monitored carefully, and the Cells may proceed, after obtaining advice, with seeking recoveries but that these would be far from assured."* In respect of JPEL Private Equity Limited ("JPEL") due to favourable tax changes in the United States JPEL have not, as at 30 October 2025, exercised the put option on Tax Advisory Services Company. The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is now unlikely to occur any earlier than the latter part of 2028.

### Payment Scheme

The acceptance deadline for the payment scheme established for investors in the LF Arch cru Funds has passed. Full details and other relevant information are on our website – <https://lf-archcru.linkgroup.eu/> – enter the 'Investor Information' section, then follow the link 'Investor Communications' and then click on 'LF Arch cru fund'.

### FCA Consumer Redress Scheme

In December 2012 the FCA published a policy statement setting out rules on a consumer redress scheme where there is evidence of unsuitable advice being given to investors. The redress scheme has now concluded.

### Valuation of the Funds

The ACD, based on the semi-annual Cell Net Asset Value ('NAV'), publishes on its website the price of each share class of the sub-funds. This information can be found on the 'Investor Communications' tab of our website, <https://lf-archcru.linkgroup.eu/>.

### Investor Communications

Please note that since the suspension of the sub-funds, all shareholder communications including information regarding the progress being made with the orderly realisation of the Cells' assets and up to date valuation information can be found on our website <https://lf-archcru.linkgroup.eu/>, under the heading 'Investor Communications'.

### Important Information

On 1 February 2010, the FCA granted permission to wind up the Company.

## ACD'S REPORT *continued*

### Cross Holdings

No sub-funds had holdings in any other sub-fund of the Company at the end of the period.

### Securities Financing Transactions

The Company has the ability to utilise Securities Financing Transactions (being transactions such as lending or borrowing of securities, repurchase or reverse repurchase transactions, buy-sell back or sell-buy back transactions, or margin lending transactions). No such transactions have been undertaken in the period covered by this report.

## LF ARCH CRU INVESTMENT PORTFOLIO ACD'S REPORT

for the half year ended 30 September 2025

### Important Information

Refer to the 'Important Information' section on page 4.

### Investment Objective and Policy

Given that LF Arch cru Investment Portfolio ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Guernsey Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.

### ACD'S REPORT *continued*

### INVESTMENT MANAGER'S REPORT

for the half year ended 30 September 2025

Link Fund Solutions Limited ('LFSL') in its capacity as Investment Manager, has over the past six months, managed the LF Arch cru Investment Portfolio on the basis of progressing the orderly realisation of assets thereby enabling capital distributions to be made to investors.

In the six-month period, we have and continue to maintain regular dialogue with the Chairman of the Cells and note that there has been no significant investment activity, which aligns with the expectations.

In the Investment Manager's report of 31 March 2025 (see Annual Audited Report and Financial Statements for the year ended 31 March 2025) reference was made to the Chairman's statement in their Report and Financial Statements for the year end 31 March 2025 and in particular "*Litigation continues in Greece and may continue into 2028. The litigation activity in Greece necessarily requires the Cells to maintain substantial liquidity buffers to enable the process to be concluded and to sustain their ability to prosecute those recoveries. It is noted that the Cells have been unsuccessful, so far, in the Dubai courts but the position is being monitored carefully, and the Cells may proceed, after obtaining advice, with seeking recoveries but that these would be far from assured.*" In respect of JPEL Private Equity Limited ("JPEL") due to favourable tax changes in the United States JPEL have not, as at 30 October 2025, exercised the put option on Tax Advisory Services Company. The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is now unlikely to occur any earlier than the latter part of 2028.

for the half year ended 30 September 2025

**1. Accounting Policies**

The accounting policies applied are consistent with those of the annual financial statements for the year ended 31 March 2025 and are described in those annual financial statements.

The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland. The financial statements have been prepared in accordance with the Statement of Recommended Practice ('SORP') for Financial Statements of UK Authorised Funds issued by the Investment Association ('IA') in May 2014, as amended.

These financial statements are prepared on an other than going concern basis. The ACD has made an assessment of the Fund's ability to continue as a going concern, and is satisfied it has the resources to continue in business for the foreseeable future and is not aware of any material uncertainties that may cast significant doubt on this assessment. This assessment is made as at the date of issue of these financial statements, covering the subsequent 12 months, and considers liquidity, declines in global capital markets, known redemption levels, expense projections and key service provider's operational resilience. The ACD also considered the Fund's continued ability to meet ongoing costs, and is satisfied it has the resources to meet these costs and to continue in business.

## LF ARCH CRU SPECIALIST PORTFOLIO ACD'S REPORT

for the half year ended 30 September 2025

### Important Information

Refer to the 'Important Information' section on page 4.

### Investment Objective and Policy

Given that LF Arch cru Specialist Portfolio ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.

### INVESTMENT MANAGER'S REPORT

for the half year ended 30 September 2025

Link Fund Solutions Limited ('LFSL') in its capacity as Investment Manager, has over the past six months, managed the LF Arch cru Specialist Portfolio on the basis of progressing the orderly realisation of assets thereby enabling capital distributions to be made to investors.

In the six-month period, we have and continue to maintain regular dialogue with the Chairman of the Cells and note that there has been no significant investment activity, which aligns with the expectations.

In the Investment Manager's report of 31 March 2025 (see Annual Audited Report and Financial Statements for the year ended 31 March 2025) reference was made to the Chairman's statement in their Report and Financial Statements for the year end 31 March 2025 and in particular "*Litigation continues in Greece and may continue into 2028. The litigation activity in Greece necessarily requires the Cells to maintain substantial liquidity buffers to enable the process to be concluded and to sustain their ability to prosecute those recoveries. It is noted that the Cells have been unsuccessful, so far, in the Dubai courts but the position is being monitored carefully, and the Cells may proceed, after obtaining advice, with seeking recoveries but that these would be far from assured.*" In respect of JPEL Private Equity Limited ("JPEL") due to favourable tax changes in the United States JPEL have not, as at 30 October 2025, exercised the put option on Tax Advisory Services Company. The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is now unlikely to occur any earlier than the latter part of 2028.
