ACD'S REPORT

for the half year ended 30 September 2024

Authorised Status

LF Arch cru Diversified Funds ('the Company') is an open-ended investment company with variable capital incorporated in England and Wales with registered number IC000184 and authorised by the Financial Conduct Authority ('FCA') with effect from 20 June 2002.

It is a Non-UCITS Retail Scheme and the currency of the Company and each sub-fund is pounds sterling.

Shareholders are not liable for the debts of the Company.

The Company is currently being wound-up and the sub-funds terminated following receipt of the FCA's approval on 1 February 2010. As a result, the financial statements of the Company and all its sub-funds have been prepared on a break-up basis.

ACD's Statement

Economic Uncertainty

Economic uncertainty has, to a lesser or greater extent, been an ever present in the global economy due to the often-unforeseen events that reverberate either locally or internationally. The last five years have been a particularly turbulent period, starting in 2020 with the outbreak of COVID-19, then in 2022 Russia's incursion into Ukraine, and then in the third quarter of 2023, tensions between Israel and Hamas led to the ongoing conflict between Israel and Palestine. The impacts of these and other events have been significant on the global economy, such that during this five-year period energy and commodity prices increased at rates which led to many countries experiencing inflationary pressures, at levels not seen for many years. To control inflation, many central banks implemented aggressive monetary policies that saw interest rates increased to curb demand. This action in turn, whilst apparently bringing inflation to more normal rates, has led to many economies suffering economic downturn. In mid-2024 central banks started the gradual easing of interest rates to enable economies to potentially experience a return to economic growth. However, there are still many unknown matters in the future that may have consequences. Recent elections in various countries including India, South Africa, the UK, France and the USA, combined with the ongoing local conflicts (which are often polarised into conflicts between the east and the west), will no doubt have an impact on both domestic and the global economy over the next twelve months.

Authorised Corporate Director's Report

Link Fund Solutions Limited ('LFSL') in its capacity as the Authorised Corporate Director ('the ACD'), the sole director of LF Arch cru Investment Funds ('the Company'), presents its report and the Interim Unaudited Financial Report and Statements of the Company for the period 1 April 2024 to 30 September 2024.

ACD'S REPORT *continued*

Status of the Sub-Funds

Dealings in the shares of the sub-funds were suspended on 13 March 2009. The sub-funds continue to be substantially invested in certain Guernsey Incorporated Cell Companies ('the Cells') and in line with previous statements made, the sub-funds have been in wind up, by way of an orderly realisation, since February 2010.

Alternative Investment Fund Managers Directive ('AIFMD')

The FCA approved the commencement of the termination of the Company from 1 February 2010 and, therefore, the Company falls outside the scope of the AIFMD.

Orderly Realisation

The realisation of the assets of the Funds involves the assets of the Cells being sold or realised in an orderly manner over a reasonable period of time that balances the need to achieve a fair value for shareholders in the Funds (having regard to the current value of the Cells) with the need to generate liquidity. The orderly realisation process continued to be the approach adopted in the period and this will continue until the Funds' investments in the Cells have been realised. In the Fund's Annual Audited Report and Accounts for the year ended March 2023 we reported that the Cells' Chairman had stated in the Cells' 31 March 2023 Annual Report and Financial Statements that "*Litigation continues in Greece and Dubai which may continue well into 2024 and potentially beyond. The litigation claims necessarily require the Cells to maintain substantial liquidity buffers to enable the processes to be concluded and to guard against the procedural manoeuvres the Cell's adversaries would undoubtedly otherwise employ to frustrate attempts at recovery.*" The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is unlikely to occur any earlier than the latter part of 2025.

Payment Scheme

The acceptance deadline for the payment scheme established for investors in the LF Arch cru Funds has passed. Full details and other relevant information are on our website – www.linkfundsolutions.co.uk – enter the 'Investor services' section, then follow the link 'Investor Communications' and then click on 'LF Arch cru fund'.

FCA Consumer Redress Scheme

In December 2012 the FCA published a policy statement setting out rules on a consumer redress scheme where there is evidence of unsuitable advice being given to investors. The redress scheme has now concluded.

ACD'S REPORT *continued*

Valuation of the Funds

The ACD, based on the semi-annual Cell Net Asset Value ('NAV'), publishes on its website the price of each share class of the sub-funds. This information can be found on the 'Investor Communications' tab of our website, www.linkfundsolutions.co.uk.

Investor Communications

Please note that since the suspension of the sub-funds all shareholder communications including information regarding the progress being made with the orderly realisation of the Cells' assets and up to date valuation information can be found on our website www.linkfundsolutions.co.uk, under the heading 'Investor Communications'.

Important Information

WINDING-UP OF THE FUNDS

On 1 February 2010, the FCA granted permission to wind up the Company.

SALE OF CERTAIN BUSINESS AND ASSETS OF LFSL

Subsequent to the 30 September 2023, Link Group completed, on 9 October 2023, the sale of certain business and assets of LFSL to the Waystone Group (see <https://investors.linkgroup.com/Investors/?page=ASX-Announcements>, announcement dated 9 October 2023). The sale did not include the LF Arch cru Funds and therefore the ACD remains and continues with LFSL.

Cross Holdings

No sub-funds had holdings in any other sub-fund of the Company at the end of the period.

Securities Financing Transactions

The Company has the ability to utilise Securities Financing Transactions (being transactions such as lending or borrowing of securities, repurchase or reverse repurchase transactions, buy-sell back or sell-buy back transactions, or margin lending transactions). No such transactions have been undertaken in the period covered by this report.

LF ARCH CRU GLOBAL GROWTH FUND ACD'S REPORT

for the half year ended 30 September 2024

Important Information

Refer to 'Important Information' section on page 7.

Investment Objective and Policy

Given that the LF Arch cru Global Growth Fund ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.

INVESTMENT MANAGER'S REPORT

for the half year ended 30 September 2024

Link Fund Solutions Limited ('LFSL') in its capacity as Investment Manager, has over the past six months, managed the LF Arch cru Global Growth Fund on the basis of progressing the orderly realisation of assets thereby enabling capital distributions to be made to investors.

In the six-month period, there has been no significant investment activity, which aligns with the expectations. In the Investment Manager's report of 31 March 2024, reference was made to the Chairman's statement in their Report and Financial Statements for the year end 31 March 2024 and in particular "*Litigation continues in Greece and Dubai which will now continue well into 2025 and potentially beyond. The litigation claims necessarily require the Cells to maintain substantial liquidity buffers to enable the process to be concluded and to guard against the procedural manoeuvres the Cell's adversaries would undoubtedly otherwise employ to frustrate attempts at recovery.*"

We have and will maintain regular dialogue with the Chairman of the Cells. In those discussions we have fully understood the position as to why they are not seeking to liquidate the Cells more immediately. We are also mindful that the details of the litigation are confidential to the Cells, but we do understand the potential benefits to investors in the Cells if these actions were to have a positive outcome.

The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is unlikely to occur any earlier than late 2025.

for the half year ended 30 September 2024

1. Accounting Policies

The accounting policies applied are consistent with those of the annual financial statements for the year ended 31 March 2024 and are described in those annual financial statements.

The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland. The financial statements have been prepared in accordance with the Statement of Recommended Practice ('SORP') for Financial Statements of UK Authorised Funds issued by the Investment Association ('IA') in May 2014, as amended.

These financial statements are prepared on a going concern basis. The ACD has made an assessment of the Fund's ability to continue as a going concern, and is satisfied it has the resources to continue in business for the foreseeable future and is not aware of any material uncertainties that may cast significant doubt on this assessment. This assessment is made as at the date of issue of these financial statements, covering the subsequent 12 months, and considers liquidity, declines in global capital markets, known redemption levels, expense projections and key service provider's operational resilience. The ACD also considered the Fund's continued ability to meet ongoing costs, and is satisfied it has the resources to meet these costs and to continue in business.

INVESTMENT MANAGER'S REPORT
for the half year ended 30 September 2024

Link Fund Solutions Limited ('LFSL') in its capacity as Investment Manager, has over the past six months, managed the LF Arch cru Income Fund on the basis of progressing the orderly realisation of assets thereby enabling capital distributions to be made to investors.

In the six-month period, there has been no significant investment activity, which aligns with the expectations. In the Investment Manager's report of 31 March 2024, reference was made to the Chairman's statement in their Report and Financial Statements for the year end 31 March 2024 and in particular "*Litigation continues in Greece and Dubai which will now continue well into 2025 and potentially beyond. The litigation claims necessarily require the Cells to maintain substantial liquidity buffers to enable the process to be concluded and to guard against the procedural manoeuvres the Cell's adversaries would undoubtedly otherwise employ to frustrate attempts at recovery.*"

We have and will maintain regular dialogue with the Chairman of the Cells. In those discussions we have fully understood the position as to why they are not seeking to liquidate the Cells more immediately. We are also mindful that the details of the litigation are confidential to the Cells, but we do understand the potential benefits to investors in the Cells if these actions were to have a positive outcome.

The consequence is that, until these matters are finally resolved, the Cells will not be in a position to make further distributions to the Funds and for those monies, by way of a capital distribution, to be paid to investors in the Funds. Therefore, based on a reasonable anticipation of the time for these procedures to occur, the final capital distribution is unlikely to occur any earlier than late 2025.

1. Accounting Policies

The accounting policies applied are consistent with those of the annual financial statements for the year ended 31 March 2024 and are described in those annual financial statements.

The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland. The financial statements have been prepared in accordance with the Statement of Recommended Practice ('SORP') for Financial Statements of UK Authorised Funds issued by the Investment Association ('IA') in May 2014, as amended.

These financial statements are prepared on a going concern basis. The ACD has made an assessment of the Fund's ability to continue as a going concern, and is satisfied it has the resources to continue in business for the foreseeable future and is not aware of any material uncertainties that may cast significant doubt on this assessment. This assessment is made as at the date of issue of these financial statements, covering the subsequent 12 months, and considers liquidity, declines in global capital markets, known redemption levels, expense projections and key service provider's operational resilience. The ACD also considered the Fund's continued ability to meet ongoing costs, and is satisfied it has the resources to meet these costs and to continue in business.
