## ACD'S REPORT

for the half year ended 30 September 2020

### Authorised Status

LF Arch cru Diversified Funds ('the Company') is an open-ended investment company with variable capital incorporated in England and Wales with registered number IC000184 and authorised by the Financial Conduct Authority ('FCA') with effect from 20 June 2002.

It is a Non-UCITS Retail Scheme and the currency of the Company and each sub-fund is pounds sterling.

Shareholders are not liable for the debts of the Company.

The Company is currently being wound-up following receipt of the FCA's approval on 1 February 2010. As a result, the financial statements of all the Company's sub-funds have been prepared on a break-up basis.

### ACD's Statement

#### COVID-19

The outbreak of COVID-19, declared by the World Health Organisation as a pandemic on 11 March 2020, caused significant disruption to business and economic activity which was reflected in the fluctuations seen in the global stock markets. In the period since its initial emergence and the global recognition of the seriousness of the pandemic, there were sharp declines in asset prices. As various national governments sought to provide financial support and stimulus to their economies and after the initial success of the global responses to constrain the spread of COVID-19, there followed a period of recovery. However, the fear of a second wave of COVID-19 meant this recovery was fragile and the now increasing global emergence of the second wave of COVID-19 and its ramifications on the global economy are being reassessed with the consequence that the initial recovery is now in retreat. This, when combined with the initial reaction seen in the markets, will further compound the most dramatic global recession seen in living memory. How this will translate into future asset pricing is dependent on the ability of governments, society and business to operate in the post COVID-19 world until such time that an effective global immunisation programme is implemented. Until such time all indicators are that the period of instability will exist well into 2021.

### Authorised Corporate Director's Report

Link Fund Solutions Limited ('LFSL') in its capacity as the Authorised Corporate Director ('the ACD'), the sole director of LF Arch cru Diversified Funds ('the Company'), presents its report and the Interim unaudited Financial Report and Statements of the Company for the period 1 April 2020 to 30 September 2020.

### Status of the Fund

Dealings in the shares of the Fund were suspended on 13 March 2009. The Fund continues to be substantially invested in certain Guernsey Incorporated Cell Companies ('the Cells') and in line with previous statements made, the Fund has been in wind up, by way of an orderly realisation, since February 2010.

## **ACD'S REPORT** *continued*

### **Alternative Investment Fund Managers Directive ('AIFMD')**

The FCA approved the commencement of the termination of the Company from 1 February 2010 and, therefore, the Company falls outside the scope of the AIFMD.

### **Orderly Realisation**

The realisation of the assets of the Funds involves the assets of the Cells being sold or realised in an orderly manner over a reasonable period of time that balances the need to achieve a fair value for shareholders in the Funds (having regard to the current value of the Cells) with the need to generate liquidity. The orderly realisation process continued to be the approach adopted in the period and this will continue until the Funds' investments in the Cells have been realised. In the Annual Audited Report and Accounts for the year ended March 2020 we noted that the Chairman's Statement in the Cells 2020 Report and Financial Statements concluded "It is not anticipated that a further capital repayment will be made to investors during the near term". Please see the Investment Manager's Report on pages 10, 19, 28 and 38 for more details regarding the orderly realisation process during the period.

### **Payment Scheme**

The acceptance deadline for the payment scheme established for investors in the LF Arch cru Funds has passed. Full details and other relevant information are on our website – [www.linkfundsolutions.co.uk](http://www.linkfundsolutions.co.uk) enter the 'Investor services' section, then following the link 'Investor Communications' and then click on 'LF Arch cru fund'.

### **FCA Consumer Redress Scheme**

In December 2012 the FCA published a policy statement setting out rules on a consumer redress scheme where there is evidence of unsuitable advice being given to investors. The redress scheme has now concluded.

### **Valuation of the Funds**

The ACD, based on the quarterly Cell Net Asset Value ('NAV'), publishes on its website the price of each share class of the sub-funds. This information can be found on the 'Investor Communications' tab of our website, [www.linkfundsolutions.co.uk](http://www.linkfundsolutions.co.uk).

### **Investor Communications**

Please note that since the suspension of the sub-funds all shareholder communications including information regarding the progress being made with the orderly realisation of the Cells' assets and up to date valuation information can be found on our website [www.linkfundsolutions.co.uk](http://www.linkfundsolutions.co.uk), under the heading 'Investor Communications'.

### **Important Information**

On 1 February 2010, the FCA granted permission to wind up the Company.

## **ACD'S REPORT** *continued*

### **Cross Holdings**

No sub-funds had holdings in any other sub-fund of the Company at the end of the period.

### **Securities Financing Transactions**

The Company has the ability to utilise Securities Financing Transactions (being transactions such as lending or borrowing of securities, repurchase or reverse repurchase transactions, buy-sell back or sell-buy back transactions, or margin lending transactions). No such transactions have been undertaken in the period covered by this report.

## **LF ARCH CRU GLOBAL GROWTH FUND ACD'S REPORT**

for the half year ended 30 September 2020

### **Important Information**

Refer to 'Important Information' section on page 6.

### **Investment Objective and Policy**

Given that the LF Arch cru Global Growth Fund ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.

## **LF ARCH CRU GLOBAL GROWTH FUND**

### **ACD'S REPORT** *continued*

### **INVESTMENT MANAGER'S REPORT**

for the half year ended 30 September 2020

Link Fund Solutions Limited ('LFSL'), in its capacity as Investment Manager, has since February 2010, been managing the LF Arch cru Diversified Funds ('the Company') on the basis of an orderly realisation with periodic capital payments being made to shareholders as the sub-funds of the Company ('the Fund') underlying assets (Guernsey Incorporated Cell Companies ('the Cells')) are realised. As such LFSL's investment management activity for the Fund continues to be principally focused on understanding the events occurring within the Cells and when required decision making regarding whether to participate in tender offers, off-market and on-market buybacks proposed by the Guernsey Cells, and cash management (i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund). LFSL is not charging any fees for performing this role. In the Annual Audited Report and Accounts for the year ended March 2020 we noted that it had not been possible make further capital distributions to shareholders and in the most recent period the directors of the Cells have not been able to invoke a realization payment from the Cells. LFSL continues to monitor this position closely but does not envisage a further capital distribution being made to investors during the next six months. The value of each Fund is directly related to the valuation ascribed to the individual Cells held by that Fund.

**INVESTMENT MANAGER'S REPORT**  
for the half year ended 30 September 2020

Link Fund Solutions Limited ('LFSL'), in its capacity as Investment Manager, has since February 2010, been managing the LF Arch cru Diversified Funds ('the Company') on the basis of an orderly realisation with periodic capital payments being made to shareholders as the sub-funds of the Company ('the Fund') underlying assets (Guernsey Incorporated Cell Companies ('the Cells')) are realised. As such LFSL's investment management activity for the Fund continues to be principally focused on understanding the events occurring within the Cells and when required decision making regarding whether to participate in tender offers, off-market and on-market buybacks proposed by the Guernsey Cells, and cash management (i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund). LFSL is not charging any fees for performing this role. In the Annual Audited Report and Accounts for the year ended March 2020 we noted that it had not been possible make further capital distributions to shareholders and in the most recent period the directors of the Cells have not been able to invoke a realization payment from the Cells. LFSL continues to monitor this position closely but does not envisage a further capital distribution being made to investors during the next six months. The value of each Fund is directly related to the valuation ascribed to the individual Cells held by that Fund.

### **Important Information**

Refer to 'Important Information' section on page 6.

### **Investment Objective and Policy**

Given that the LF Arch cru Finance Fund ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.
