ACD'S REPORT

for the half year ended 30 September 2022

Authorised Status

LF Arch cru Investment Funds ('the Company') is an open-ended investment company with variable capital incorporated in England and Wales with registered number IC456 and authorised by the Financial Conduct Authority ('FCA') with effect from 30 June 2006.

It is a Non-UCITS Retail Scheme and the currency of the Company and each sub-fund is pounds sterling.

Shareholders are not liable for the debts of the Company.

The Company is currently being wound-up and the sub-funds terminated following receipt of the FCA's approval on 1 February 2010. As a result, the financial statements of the Company and all its sub-funds have been prepared on a break-up basis.

ACD's Statement

Economic Uncertainty

The outbreak of COVID-19 in March 2020 caused significant disruption to business and economic activity, which was reflected in the fluctuations seen in the global stock markets for an extended period. However, after various national governments provided financial support and stimulus to their economies, combined with the development of effective vaccines to immunise populations, society and businesses are learning to operate in the post COVID-19 world which led to a recovery in asset prices.

In the first quarter of 2022, the geopolitical situation came into sharp focus, culminating in February 2022 with Russia's incursion into Ukraine. The consequences of this combined with other factors has led to significant disruption to the global supply chains and soaring commodity prices, leading to a significant increase in inflation in many countries. To curb the increase in global inflation, many nations' central banks have been increasing interest rates, a process which it is expected to continue until inflation is brought under control. What is not clear at this time is whether the combination of high inflation and increasing interest rates will culminate in a global recession. With this level of uncertainty, it is reasonably foreseeable that markets will continue to see periods of instability and consequently volatility in asset pricing.

Authorised Corporate Director's Report

Link Fund Solutions Limited ('LFSL') in its capacity as the Authorised Corporate Director ('the ACD'), the sole director of LF Arch cru Investment Funds ('the Company'), presents its report and the Interim unaudited Financial Report and Statements of the Company for the period 1 April 2022 to 30 September 2022.

Status of the Sub-Funds

Dealings in the shares of the sub-funds were suspended on 13 March 2009. The sub-funds continue to be substantially invested in certain Guernsey Incorporated Cell Companies ('the Cells') and in line with previous statements made, the sub-funds have been in wind up, by way of an orderly realisation, since February 2010.

ACD'S REPORT continued

Alternative Investment Fund Managers Directive ('AIFMD')

The FCA approved the commencement of the termination of the Company from 1 February 2010 and, therefore, the Company falls outside the scope of the AIFMD.

Orderly Realisation

The realisation of the assets of the Funds involves the assets of the Cells being sold or realised in an orderly manner over a reasonable period of time that balances the need to achieve a fair value for shareholders in the Funds (having regard to the current value of the Cells) with the need to generate liquidity. The orderly realisation process continued to be the approach adopted in the period and this will continue until the Funds' investments in the Cells have been realised. In the Fund's Annual Audited Report and Accounts for the year ended March 2022 we reported that the Cells' Chairman had stated in the Cells' 31 March 2022 Annual Report and Financial Statements that "it is not anticipated that a further repayment will be made to investors during the near term" Please see the Investment Manager's Report on pages 8 and 24 for more details regarding the orderly realisation process during the period.

Payment Scheme

The acceptance deadline for the payment scheme established for investors in the LF Arch cru Funds has passed. Full details and other relevant information are on our website – www.linkfundsolutions.co.uk enter the 'Investor services' section, then following the link 'Investor Communications' and then click on 'LF Arch cru fund'.

FCA Consumer Redress Scheme

In December 2012 the FCA published a policy statement setting out rules on a consumer redress scheme where there is evidence of unsuitable advice being given to investors. The redress scheme has now concluded.

Valuation of the Funds

The ACD, based on the quarterly Cell Net Asset Value ('NAV'), publishes on its website the price of each share class of the sub-funds. This information can be found on the 'Investor Communications' tab of our website, www.linkfundsolutions.co.uk.

Investor Communications

Please note that since the suspension of the sub-funds all shareholder communications including information regarding the progress being made with the orderly realisation of the Cells' assets and up to date valuation information can be found on our website www.linkfundsolutions.co.uk, under the heading 'Investor Communications'.

ACD'S REPORT continued

Important Information

On 1 February 2010, the FCA granted permission to wind up the Company.

Cross Holdings

No sub-funds had holdings in any other sub-fund of the Company at the end of the period.

Securities Financing Transactions

The Company has the ability to utilise Securities Financing Transactions (being transactions such as lending or borrowing of securities, repurchase or reverse repurchase transactions, buy-sell back or sell-buy back transactions, or margin lending transactions). No such transactions have been undertaken in the period covered by this report.

LF ARCH CRU INVESTMENT PORTFOLIO ACD'S REPORT

for the half year ended 30 September 2022

Important Information

Refer to 'Important Information' section on page 5.

Investment Objective and Policy

Given that LF Arch cru Investment Portfolio ('the Fund') is being terminated on an orderly realisation basis, and given the illiquidity of the Guernsey Cells, the management of the Fund does not involve active investment management of the assets. The investment management required for the Fund is essentially limited to a cash management role, i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund.

The Fund is in the course of being terminated and is no longer available for investment.

INVESTMENT MANAGER'S REPORT

for the half year ended 30 September 2022

Link Fund Solutions Limited ('LFSL'), in its capacity as Investment Manager, has since February 2010, been managing the LF Arch cru Investment Funds ('the Company') on the basis of an orderly realisation with periodic capital payments being made to shareholders as the sub-funds of the Company ('the Fund') underlying assets (Guernsey Incorporated Cell Companies ('the Cells')) are realised. As such LFSL's investment management activity for the Fund continues to be principally focused on understanding the events occurring within the Cells and when required decision making regarding whether to participate in tender offers, off-market and on-market buybacks proposed by the Guernsey Cells, and cash management (i.e. receiving distributions/realisation proceeds from the Cells and passing these on to shareholders in the Fund). LFSL is not charging any fees for performing this role. In the Annual Audited Report and Accounts for the year ended March 2022 we noted that the fifteenth capital distribution was made in late May, meaning that £152.14 million has now been returned to investors. Subsequent to that payment, and whilst a further £1.0 million has been returned by the Cells during the period to the LF Arch cru Funds this did not provide sufficient cash for the LF Arch cru Funds to make a meaningful distribution. LFSL continues to monitor this position closely but does not envisage a further capital distribution being made to investors during the next six months.

The value of each Fund is directly related to the valuation ascribed to the individual Cells held by that Fund.
