01 June 2022

LF Arch Cru Balanced Fund (a sub-fund of the LF Arch cru Diversified Funds, an Investment Company with Variable Capital) (the "Fund")

The purpose of this notice is to provide investors with updated valuation information in respect of the Fund as at 31 March 2022.

The value of the Fund

The directors of the Guernsey Cells have now published the finalised Net Asset Values ("NAVs") of the Guernsey Cells as at 31 March 2022. Based on that information, we have calculated that, as at 31 March 2022, the NAV of the Fund was £565,046.

We have set out in the table below the price of each class of share in the Fund as at 31 March 2022. For reference, the table also includes the share price as at 31 December 2021 and the pence per share rate of the fifteenth Capital Distribution made on 30 May 2022.

Share class	NAV per share as at 31	NAV per share as at	% change	Fifteenth
	December 2021 (based	31 March 2022 (based	since 31	Capital
	on published NAVs of	on published NAVs of	December	Distribution
	Cells)	Cells)	2021*	paid May 2022
Accumulation	£0.0509	£0.0380	-3.36%	1.12p

* Please note that the movement in the NAV per share since 31 December 2021 can, in part, be attributed to the fact that we made the fifteenth capital distribution to shareholders on

30 May 2022. The 31 March 2022 NAV has therefore been reduced by the amount of this fifteenth capital distribution. As such, the figures in the column titled "% change since 31 December 2021" in the table above reflect any movement in NAV per share on a net basis excluding the reduction in the 31 March 2022 NAV due to the fifteenth interim distribution.

As previously reported, we intend in the future to calculate the NAV of the Fund and the price of each share class on a quarterly basis (although this will be dependent on the Guernsey Cells publishing their NAVs in a timely manner). We will publish the NAV and share price information for the Fund on www.linkgroup.eu/lf-arch-cru.
