* The movement on the share classes denominated in US dollars is partially due to the movement on the sterling: dollar exchange rate. If the effect of this movement is removed the change in the share price is of similar magnitude as the sterling denominated share classes listed elsewhere in the table.

As previously reported, we intend in the future to calculate the NAV of the Fund and the price of each share class on a quarterly basis (although this will be dependent on the Guernsey Cells publishing their NAVs in a timely manner). We will publish the NAV and share price information for the Fund on www.linkgroup.eu/lf-arch-cru.
